The screenshot shows a web interface for editing messages. It features a table with 10 rows, each representing a message. The first three messages have pre-filled text, while the remaining seven are empty. To the right of each message is a dropdown menu for selecting an animation. The first dropdown is set to 'Boy', and the others are set to 'w/o animation'. Below the table is a text input field for the 'reply email address' and a 'go' button. Various reference numerals are used to point to specific elements: 802 points to the overall interface, 804 points to the message list, 806 points to the message text boxes and the email address field, 810 points to the animation dropdowns, and 808 points to the 'go' button.
